# Vehicle Warranties

In the chart below, **Full** coverage applies to parts and labor costs for covered repairs, excluding scheduled maintenance service, wear-and-tear items, and failures that are deemed to be caused by abuse and improper maintenance. **Powertrain** coverage applies to major mechanical components, such as the engine, transmission and axles, and is subject to the above exclusions. **Corrosion** coverage applies to body panels that have been rusted through and not to mere surface rust. **Roadside Assistance** refers to features that rival the benefits that are included in automobile-club memberships. All warranty terms are expressed in years/thousands of miles (unlim=unlimited mileage; NC=not covered). Terms and conditions are subject to change at any time; consult a dealer or a vehicle's owner's manual for full provisions and exclusions.

MANUFACTURER	BASIC COVERAGE			Roadside Assistance
	Full	Powertrain	Corrosion	
Acura	4/50	6/70	5/unlim	4/50
Audi	4/50	4/50	12/unlim	4/unlim
